PROJECTS

Ecommerce website

- A fully functional e-commerce website with features like product item, shopping cart, login page, signup and add items page
- using Html, Css, React, Tailwind, Node.js, MongoDB, Express

Portfolio website

- A personal portfolio website showcasing projects, skills, and contact information
- using Html, Css, React, Tailwind

Tecsis website

- I just finished building the TECSIB website using HTML, CSS, and Tailwind. This project was a great opportunity to refine my skills in front-end development and responsive design
